We are also seeking a motivated individual who is interested in being the webmaster to further develop methods of using technology to advance the mission of HAPS. HAPS currently runs a website by yahoo at <http://www.hapsca.org/>, a google calendar, and a facebook group with information on the group, past events, upcoming events, and announcements. In the coming months, we are interested in:

- Develop an online method for membership application and renewal + payment with Paypal
- Develop a members-only portal with user logins and passwords to view private information like member contact information
- Update the website with pictures and more information
- Utilize technology to network society members and sister organizations around the USA

The ideal candidate will have experience designing and maintaining websites. If you have questions or are interested, please email Yannis Paulus with your web experience at yannis.paulus@gmail.com or call 650-391-7364. As with all HAPS activities, we are asking for the candidate to volunteer her or his time.

Have a wonderful fall, and thanks again for your continued support and participation in HAPS. Please let me know if you have ideas for further events.

Best regards,
Yannis Paulus, MD
HAPS President
